THE OPEN PAIN JOURNAL

ISSN: 1876-3863

The Open Pain Journal is an Open Access journal, which publishes original full length, reviews/mini-reviews, short research articles (letters) and guest edited single topic issues in all important areas of pain research including pain medicine, genetics, neurology, internal medicine, clinical pharmacology, child neuropsychiatry, anesthesiology, rheumatology, otology, dentistry, neurotraumatology, neurosurgery, meta analyses of drugs for pain management and clinical studies.

The Open Pain Journal, a peer reviewed journal, is an important and reliable source of current information on recent developments in the field. Emphasis is placed on publishing quality papers, making them freely available to researchers worldwide.
